## RESUME OF DONALD ALAN STENTZ

Donald Stentz was born in Butte, Montana on 24 May 1919. He graduated from the Three Forks Consolidated High School at Three Forks, Montana in 1938.

From 1942 until 1946 he served in the United States Army. During his period of service he taught radar at the Coast Artillery School, Fort Monroe, Virginia. Following discharge from the Army, he attended Duke University. During his senior year he was employed as an instructor in the electrical engineering measurements laboratory. He received the degree of Bachelor of Science in Electrical Engineering in June 1949, and received a commission as Lieutenant in the Army Reserve.

Following his graduation from Duke University, he was employed by the U. S. Navy General Line School at Newport, Rhode Island. While teaching at the General Line School, he did graduate study at Brown University, and the University of Rhode Island.

In May 1952 he joined the faculty of the Naval Postgraduate School, Monterey, California, where he is teaching in the Department of Electrical Engineering.

He continued graduate study at the Postgraduate School where he received the Master of Science in Engineering Electronics in 1958. His thesis, "The Status of the Electronic Countermeasures Problem," has been successfully used as a text in the Electronic Warfare course taught at the Postgraduate School.

He was Academic Associate for the Communications Engineering curriculum from 1958 to 1963. He has been actively engaged in two research efforts carried on at NPS; the AIR ASW Analysis Support Group, sponsored by NADC, and the Range Design Studies Group, sponsored by NTS, Keyport, Washington.

He has been a member of the Del Rey Oaks Planning Commission from 1954 to 1960, and a member of the City Council from 1957 to 1975. He served as Vice Chairman of the Monterey County Airport Land Use Commission.
